

06/18/2020

Dear Professor Jafari,

We outlined our collaborative efforts in the final paper > methodology section> collaboration subsection, the group believes we all put in equal work, with an equal amount of oversight/ review from each other. If it comes to docking points, we believe we deserve an equal grade because we all believe and agree we put in equal work.

Please don't hesitate to reach out to us if you have any questions.

Sincerely,

Reema Domadia
Dineshkumar Padmanabhan
Utkarsh Nigam
